MESSAGE FROM THE CHANCELLOR

I am thankful to the Government of Bihar for having granted permission to establish Al-Karim University, Katihar under the aegis of Al-Karim Educational Trust, Patna. I am also grateful to the University Grants Commission, New Delhi for granting recognition to this University.

In line with our vision, Katihar Medical College, a unit of Al-Karim University, Katihar has produced doctors who are not just professionals but are also responsible citizens of this country who carry with themselves, the human values that they imbibed within themselves during their course of study which not only benefit them but the society as a whole. And this is precisely what this college is known for and will continue to do so.

In continuation of our above-mentioned vision, we have taken forward steps to start with School of Pharmacy, School of Paramedical & Allied Health Sciences, School of Information Technology & Management, and School of Nursing under our university to provide backups to doctors and to provide independent job opportunities in the Seemanchal area in particular and at the state and national level in general.

Al-Karim University, Katihar is not only an academic institution but also a vision and mission to make the country progressive and prosperous in all walks of life.

I would like to invite those aspirants who are interested in quality education to join this university to not only serve this region but also serve the nation.

Dr. Ahmad Ashfaque Karim

MESSAGE FROM THE VICE CHANCELLOR

I am grateful to the Governing Body as well as the Chancellor of Al-Karim University, Katihar, established under Bihar Private Universities Act, 2013, to have given me the opportunity to serve this University as its Vice-Chancellor.

Establishment of a University in the Kosi region of Bihar, which has long languished in almost all fronts, was the crying need and I shall see that the university fulfils the requirements and dreams of not only this region but the entire state and becomes catalytic in transforming the lives of thousands and thousands of people through excellence in teaching, research, service and community development.

And gradually, it would be seen that Al-Karim University, Katihar becomes a world-class University that nurtures talent and upholds the commitment to shaping lives through scholarly teaching and learning and that which contributes to an equitable and holistic transformation of society at large.

However, it would be ensured that while craving for excellence the values essential for the humanistic and ethical environment are not lost and critical and scientific approach is emphasized as of paramount significance.

Professor (Dr.) Bijoy Mukherjee

AL-KARIM EDUCATIONAL TRUST

In the year 1986, the National Education Policy identified Katihar district in Bihar for special emphasis on development and Education. Ministry of Minority Affairs too pointed out that despite having enough potentiality the Kosi region of Bihar is lagging much behind in utilizing its full potential and healthcare situation of this demographic location was a major concern. Looking into these concerns and in accordance with the recommendation of Sunil Mukherjee Committee & Mudaliar Committee, the Al-Karim Educational Trust, Patna was established in the year 1986 and soon after that under the provisions of Art. 30 (i) of the Constitution of India it sponsored and established Katihar Medical College on October 1987.

Al-Karim Educational Trust is a registered society of the members of the Muslim religious minority community devoted to the promotion of education, research, and information dissemination among students of the Muslim minority community as well as general students. The Trust has also been established for the benefit of poor and weaker sections of the community especially to ameliorate their educational and economic backwardness and poor health care. It shall further undertake and pursue the advancement of other aims and objectives of public utility in which the Muslim population is interested, to serve the nation and humanity in a better way.

AL-KARIM UNIVERSITY

Further, expanding the horizon of accessibility of higher education in Bihar, Al-Karim Educational Trust, Patna established Al-Karim University, Katihar in 2018 under the provisions of the Bihar Private Universities Act, 2013 (vide Government of Bihar notification no. 15/M 1- 44/2015- 1065 dated 15-06-2018, published in Bihar Gazette no. 26 dated 27-06-2018 ; Page No : 15-16). Further the university has been recognized by the University Grants Commission (UGC) in the year 2019.

Soon after the establishment of the University, Katihar Medical College, Katihar was inducted into the University. Further, the university apart from MBBS and postgraduate courses in medical sciences, started various degree and diploma courses under Schools of Pharmacy, Paramedical and Allied Health Sciences, Information Technology and Management, and Nursing.

The headquarter of Al-Karim University is located in Katihar, a city situated in the eastern region of Bihar. It is one of the larger cities of Bihar and is known all over India for its highly strategic railway junction and defence establishments.

Katihar Railway Junction connects north-east Region of India with the rest of India and is connected directly with national and state capitals Delhi and Patna. New Delhi-Dibrugarh Rajdhani Express passes through Katihar Railway Junction daily.

SCHOOL OF PARAMEDICAL &
ALLIED HEALTH SCIENCES

ABOUT

School of Paramedical and Allied Health Sciences was established with the objective to produce well-trained paramedical and allied health professionals to cater to the growing need of the healthcare sector. Paramedical courses in interdisciplinary medical subjects are becoming extremely significant in healthcare delivery systems. In recent years, there has been a growing need for qualified and well-trained paramedical personnel who form an essential constituent of the medical profession. In order to meet the increasing demand for qualified and trained paramedical personnel, the school offers graduation and post-graduation degree courses in paramedical and allied health sciences.

M.Sc. MEDICAL ANATOMY

M.Sc. Medical Anatomy course imparts training in various branches of Human Anatomy to enable the pursuit of a teaching career in Anatomy. In addition, it provides an opportunity to carry out a research in its sub-specialties.

M.Sc. MEDICAL PHYSIOLOGY

Candidates admitted into M.Sc. Physiology will be trained in various branches of Physiology. They will be given theoretical and practical training in Physiology in such a way that they will be able to pursue a career as a teacher in Physiology for medical and science students. The thesis work which the candidates will carry out in partial fulfilment for the award of degree will give them the training to pursue a career in research. The student will have the option to select any branch of Physiology for their work.

M.Sc. MEDICAL BIOCHEMISTRY

The objective of the M.Sc. Biochemistry course is to impart training in basic and advanced biochemistry, molecular biology, immunology and clinical biochemistry. The students also get an opportunity to carry out research in any of the sub-specialties in the subject.

M.Sc. MEDICAL MICROBIOLOGY

M.Sc. Microbiology course covers the studies in various areas involving microorganisms and their effect on humans. It gives theoretical and practical knowledge of the subject. The course involves all branches of Microbiology including general and systemic bacteriology, immunology, virology, parasitology and mycology. Further, it also gives current insights into biostatistics, computer application, molecular biology and bio-instrumentation. Practical aspects of the subject are oriented towards proper training for diagnosis in all aspects of Microbiology.

The course prepares students for a career in laboratories, medical colleges and institutes including as medical teaching faculty and in biomedical research.

M.Sc. MEDICAL PHARMACOLOGY

M.Sc. Medical Pharmacology encompasses an intensive curricular activity which includes lectures/seminars on basic and advanced pharmacology and toxicology, experimental and clinical pharmacological research involving modern instruments and techniques. Students are required to undertake a thesis work under the supervision of a departmental faculty member and participate in different curricular programs assigned to them in the department. On successful completion, the degree helps the students in securing admission for higher studies both in India and abroad. It also provides excellent job opportunities to secure a position in the drug industry, academic institutions and drug regulating agencies.

CAREER PROSPECTS

- After completing a M.Sc. Medical course, the students may pursue PhD course to gain knowledge and advance their career.
- In the departments of Anatomy, Physiology, Biochemistry, Pharmacology and Microbiology, non-medical teachers may be appointed to the extent of 30% of the total number of posts in the department. However, in the department of Biochemistry, non-medical teachers may be appointed to the extent of 50% of the total number of posts in the department.

6.1.8 At the commencement of the academic session the Head of the Institution shall convene and address a meeting of various functionaries/agencies, like Wardens, representatives of students, parents/ guardians, faculty, district administration including police, to discuss the measures to be taken to prevent ragging in the Institution and steps to be taken to identify the offenders and punish them suitably.

6.1.9 To make the community at large and the students in particular aware of the dehumanizing effect of ragging, and the approach of the institution towards those indulging in ragging, big posters (preferably multicoloured with different colours for the provisions of law, punishments, etc.) shall be prominently displayed on all Notice Boards of all departments, hostels and other buildings as well as at vulnerable places. Some of such posters shall be of permanent nature in certain vulnerable places.

6.1.10 Apart from placing posters mentioned in sub-clause 6.1.9 above at strategic places, the Medical College/Institution shall undertake measures for extensive publicity against ragging by means of audio-visual aids, by holding counselling sessions, workshops, painting and design competitions among students and other methods as it deems fit.

6.1.11 The Medical College/Institution/University shall request the media to give adequate publicity to the law prohibiting ragging and the negative aspects of ragging and the institution's resolve to ban ragging and punish those found guilty without fear or favour.

6.1.12 The Medical College/Institution/University shall identify, properly illuminate and keep a close watch on all locations known to be vulnerable to occurrences of ragging incidents.

6.1.13 The Medical College/Institution/University shall tighten security in its premises, especially at vulnerable places and intense policing by Anti-Ragging Squad, referred to in these Regulations and volunteers, if any, shall be resorted to at such points at odd hours during the early months of the academic session.

6.1.13(A) The head of the institutions shall provide information to the local police and local authorities, the details of every privately commercially managed hostel or lodges used for residential purposes by students enrolled in the institution and the head of the institution shall also ensure that the Anti-Ragging Squad shall ensure vigil in such locations to prevent the occurrence of ragging therein.

6.1.14 The Medical College/Institution/University shall utilize the vacation period before the start of the new academic year to launch a wide publicity campaign against ragging through posters, leaflets, seminars, street plays, etc.

6.1.15 The faculties/ departments/ units of the Medical College/Institution /University shall have induction arrangements (including those which anticipate, identify and plan to meet any special needs of any specific section of students) in place well in advance of the beginning of the academic year with a clear sense of the main aims and objectives of the induction process.

The Principal or Head of the Institution/Department shall obtain an undertaking from every employee of the institution including teaching and non-teaching members of staff, contract labour employed in the premises either for running canteen or as watch and ward staff or for cleaning or maintenance of the buildings/lawns etc. that he/she would report promptly any case of ragging which comes to his/her notice. A provision shall be made in the service rules for issuing certificates of appreciation to such members of the staff who report ragging which will form the part of their service record.

6.2. On admission

6.2.1 Every fresher admitted to the Medical College/Institution/University shall be given a printed leaflet detailing when and to whom he/she has to turn to for help and guidance for various purposes (including Wardens, Head of the institution, members of the anti-ragging committees, relevant district and police

authorities), addresses and telephone numbers of such persons/authorities, etc., so that the fresher need not look up to the seniors for help in such matters and get indebted to them and start doing things, right or wrong, at their behest. Such a step will reduce the freshers' dependence on their seniors.

Every institution should engage or seek the assistance of professional counsellors at the time of admissions to counsel 'freshers' in order to prepare them for the life ahead, particularly for adjusting to the life in hostels.

6.2.2 The Medical College/Institution/University through the leaflet mentioned above shall explain to the new entrants the arrangements for their induction and orientation which promote efficient and effective means of integrating them fully as students.

6.2.3 The leaflet mentioned above shall also inform the freshers about their rights as bonafide students of the institution and clearly instructing them that they should desist from doing anything against their will even if ordered by the seniors and that they have nothing to fear as the institution cares for them and shall not tolerate any atrocities against them.

6.2.4 The leaflet mentioned above shall contain a calendar of events and activities laid down by the institution to facilitate and complement familiarization of freshers with the academic environment of the institution.

6.2.5 The Medical College/Institution/University shall also organize joint sensitization programmes of 'freshers' and seniors.

On the arrival of senior students after the first week or after the second week as the case may be, further orientation programmes must be scheduled as follows (i) joint sensitization programme and counselling of both 'freshers' and senior by a Professional counsellor; (ii) joint orientation programme of 'freshers' and seniors to be addressed by the Principal/Head of the institution, and the anti-ragging committee ; (iii) organization on a large scale of cultural, sports and other activities to provide a platform for the 'freshers' and seniors to interact in the presence of faculty members ; (iv) in the hostel, the warden should address all students; may request two junior colleagues from the college faculty to assist the warden by becoming resident tutors for a temporary duration; (v) as far as possible faculty members should dine with the hostel residents in their respective hostels to instil a feeling of confidence among the freshers.

6.2.6 Freshers or any other student(s) shall be encouraged to report incidents of ragging, either as victims or even as witnesses. The identity of such informants shall be protected and shall not be subject to any adverse consequence only for the reason for having reported such incidents.

6.2.7 Each batch of freshers, on arrival at the institution, shall be divided into a small group and each such group shall be assigned to a member of the faculty, who shall interact individually with each member of the group every day for ascertaining the problems or difficulties, if any, faced by the fresher in the institution and shall extend necessary help to the fresher in overcoming the same.

6.2.8 Freshers shall be lodged, as far as may be, in a separate hostel block, and where such facility is not available, the institution shall ensure that access of seniors to accommodation allotted to freshers is strictly monitored by wardens, security guards and other staff of the institution.

6.2.9 Around the clock vigil against ragging in the hostel premises, in order to prevent ragging in the hostels after the classes are over, shall be ensured by the institution.

6.3. At the end of the academic year

6.3.1 At the end of every academic year the Dean/Principal/Director shall send a letter to the parents/guardians of the students who are completing the first year informing them about the law regarding ragging and the punishments and appealing to them to impress upon their wards to desist from indulging in ragging when they come back at the beginning of the next academic session.

6.3.2 At the end of every academic year the Medical College/Institution /University shall form a 'Mentoring Cell' consisting of Mentors for the succeeding academic year. There shall be as many levels or tiers of Mentors as the number of batches in the institution, at the rate of 1 Mentor for 6 freshers and 1 Mentor of a higher level for 6 Mentors of the lower level.

Each batch of freshers should be divided into small groups and each such group shall be assigned to a member of the staff. Such staff member should interact individually with, each member of the group on a daily basis for ascertaining the problems/difficulties if any faced by the fresher in the institution and extending necessary help.

In the case of freshers admitted to a hostel, it shall be the responsibility of the teacher in charge of the group to coordinate with the warden of the hostel and to make surprise visits to the rooms in the hostel where the members of the group are lodged.

6.4. Setting up of Committees and their functions

6.4.1 The Anti-Ragging Committee:- Every institution shall have an Anti-Ragging Committee and an Anti - Ragging Squad. The Anti-Ragging Committee shall be headed by the Head of the institution and shall

consist of representatives of civil and police administration, local media, Non-Government Organizations involved in youth activities, faculty members, parents, students belonging to the freshers' category as well as seniors and non-teaching staff. It shall monitor the Anti Ragging activities in the institution, consider the recommendations of the Anti-Ragging Squad and take appropriate decisions, including spelling out suitable punishments to those found guilty.

6.4.2 The Anti-Ragging Squad:- The Anti-Ragging Squad shall be nominated by the Head of the institution with such representation as considered necessary and shall exclusively consist of members belonging to the various sections of the campus community. The Squad shall have vigil, oversight and patrolling functions. It shall be kept mobile, alert and active at all times and shall be empowered to inspect places of potential ragging and make surprise raids on hostels and other hot spots. The Squad shall investigate incidents of ragging and make recommendations to the Anti-Ragging Committee and shall work under the overall guidance of the Anti-Ragging Committee.

All matters of discipline within teaching institutions must be resolved within the campus except those impinging on law and order or breach of the peace or public tranquillity, all of which should be dealt with under the penal laws of the land

University Monitoring Cell At the level of the University, we recommend that there should be a Monitoring Cell on Ragging, which should coordinate with the affiliated colleges and institutions under its domain. The Cell should call for reports from the Heads of institutions in regard to the activities of the Anti-Ragging Committee, Anti - Ragging Squads, Monitoring Cells at the level of the institution, the compliance with instructions on conducting orientation programmes, counselling sessions, the incidents of ragging, the problems faced by wardens or other officials. It should also keep itself abreast of the decisions of the District level Anti – Ragging Committee. This Monitoring Cell should also review the efforts made by institutions to publicize anti-ragging measures, soliciting of undertaking from parents and students each year to abstain from ragging activities or willingness to be penalized for violations; and should function as the prime mover for initiating action on the part of the appropriate authorities of the university for amending the Statutes or Ordinances or Bye-laws to facilitate the implementation of anti-ragging measures at the level of the institution.

6.5. Other measures

6.5.1 The Annexures mentioned in 6.1.4, 6.1.5 and 6.1.7 of these Regulations shall be furnished at the beginning of each academic year by every student, that is, by freshers as well as seniors.

6.5.2 The Medical College/Institution /University shall arrange for regular and periodic psychological counselling and orientation for students (for freshers separately, as well as jointly with seniors) by professional counsellors during the first three months of the new academic year. This shall be done at the institution and department/ course levels. Parents and teachers shall also be involved in such sessions.

6.5.3 Full-time warden shall be appointed as per the eligibility criteria laid down for the post reflecting both the command and control aspects of maintaining discipline, as well as the softer skills of counselling and communicating with the youth outside the classroom situations. Wardens shall be accessible at all hours and shall be provided with mobile phones and the details of their telephone number must be widely publicized. Similarly, the telephone numbers of the other important functionaries - Heads of institutions, faculty members, members of the anti-ragging committees, district and sub-divisional authorities and state authorities where relevant, should also be widely disseminated for the needy to get in touch or seek help in emergencies. The institution shall review and suitably enhance the powers and perquisites of Wardens and authorities involved in curbing the menace of ragging.

Further, the institutions shall provide necessary incentives for the post of the full-time warden, so as to attract suitable candidates.

6.5.4 Freshers shall be lodged in a separate hostel block, wherever possible, and where such facilities are not available, the college/institution shall ensure that seniors' access to freshers' accommodation is strictly monitored by wardens, security guards and college staff.

As ragging takes place mostly in the hostels after the classes are over in the college, around the clock vigil against ragging in the hostel premises shall be provided. It is seen, that college canteens and hostel messes are also places where ragging often takes place. The employers/employees of the canteens/mess shall be given necessary instructions to keep strict vigil and to report the incidents of ragging to the college authorities if any.

The security personnel posted in hostels shall be under the direct control of the Wardens and assessed by them.

6.5.5 Private commercially managed lodges and hostels shall be registered with the local police authorities, and this shall be done necessarily on the recommendation of the Head of the institution. Local police, local administration and the institutional authorities shall ensure vigil on incidents that may come within the definition of ragging and shall be responsible for action in the event of ragging in such premises, just as they would be for incidents within the campus. Managements of such private hostels shall be responsible for action in the event of ragging in such premises, just as they would be for incidents within campuses.

6.5.6 Besides registering private hostels as stated above, the towns or cities where educational institutions are located should be apportioned as sectors among faculty members, as is being done by some institutions so that they could maintain vigil and report any incidents of ragging outside campuses and en route while 'freshers' commute.

6.5.7 The Head of the institution shall take immediate action on receipt of the recommendations of the Ant-Ragging Squad. He/ She shall also take action suo-motu if the circumstances so warrant.

6.5.8 Freshers who do not report the incidents of ragging either as victims or as witnesses shall also be punished suitably.

6.5.9 Anonymous random surveys shall be conducted across the 1st year batch of students (freshers) every fortnight during the first three months of the academic year to verify and cross-check whether the campus is indeed free of ragging or not. The institution may design its own methodology of conducting such surveys.

6.5.10 The burden of proof shall lie on the perpetrator of ragging and not on the victim.

6.5.11 The institution shall file an FIR with the police / local authorities whenever a case of ragging is reported, but continue with its own enquiry and other measures without waiting for action on the part of the police/ local authorities. Remedial action shall be initiated and completed within the one week of the incident itself.

6.5.12 The Migration/Transfer Certificate issued to the student by the Medical College/Institution /University shall have an entry, apart from those relating to general conduct and behaviour, whether the student has been punished for the offence of committing or abetting ragging, or not, as also whether the student has displayed persistent violent or aggressive behaviour or any inclination to harm others.

6.5.13 Preventing or acting against ragging shall be the collective responsibility of all levels and sections of authorities or functionaries in the Medical College/Institution /University, including faculty, and not merely that of the specific body/ committee constituted for prevention of ragging.

6.5.14 As such the college canteens and hostel messes are also places where ragging often takes place, hence the employers/employees of the canteens/mess shall be given necessary instructions to keep strict vigil and to report the incidents of ragging to the college authorities if any.

Further access to mobile phones and public phones shall be unrestricted in hostels and campuses, except in classrooms, seminar halls, library etc. where jammers shall be installed to restrict the use of mobile phones.

6.6 Measures for encouraging healthy interaction between freshers and seniors

6.6.1 The Medical College/Institution /University shall set up appropriate committees including the course-in-charge, student advisor, Warden and some senior students to actively monitor, promote and regulate healthy interaction between the freshers and senior students.

6.6.2 Freshers' welcome parties shall be organized in each department by the senior students and the faculty together soon after admissions, preferably within the first two weeks of the beginning of the academic session, for a proper introduction to one another and where the talents of the freshers are brought out properly in the presence of the faculty, thus helping them to shed their inferiority complex if any, and remove their inhibitions.

6.6.3 The Medical College/Institution /University shall enhance the student-faculty interaction by involving the students in all matters of the institution, except those relating to the actual processes of evaluation and of faculty appointments so that the students shall feel that they are responsible partners in managing the affairs of the institution and consequently the credit due to the institution for good work/performance is due to them as well.

7. Regulatory Measures

The inspecting/visiting committees of MCI shall cross-verify that the medical college/institution has strictly complied with the anti-ragging measures and has a blemishless record in terms of there being no incident of ragging during the impending period (i.e. from earlier inspection) or otherwise.

8. Awardable Punishments

8.1 At the Medical College/Institution level Depending upon the nature and gravity of the offence as established by the Anti-Ragging Committee of the institution, the possible punishments for those found guilty of ragging at the institution level shall be anyone or any combination of the following:

8.1.1 Suspension from attending classes and academic privileges.

8.1.2 Withholding/withdrawing scholarship/ fellowship and other benefits

8.1.3 Debarring from appearing in any test/ examination or other evaluation processes.

8.1.4. Withholding results

8.1.5 Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc.

8.1.6 Suspension/ expulsion from the hostel

8.1.7 Cancellation of admission.

8.1.8 Rustication from the institution for period ranging from 1 to 4 semesters

8.1.9 Expulsion from the institution and consequent debarring from admission to any other institution for a specific period.

8.1.10 Fine of Rs. 25,000/- and Rs. 1 lakh.

8.1.11 Collective punishment: When the persons committing or abetting the crime of ragging are not identified, the institution shall resort to collective punishment.

8.2 Penal consequences for the heads of the institutions/administration of the institution who do not take timely steps in the prevention of ragging and punishing those who rag.

The authorities of the institution particularly the Head of the institution shall be responsible to ensure that no incident of ragging takes place in the institution. In case any incident of ragging takes place, the Head shall take prompt and appropriate action against the person (s) whose dereliction of duty lead to the incident. The authority designated to appoint the Head shall, in its turn, take prompt and appropriate action against the Head.

In addition to penal consequences, departmental enquiries are initiated against such heads institutions/members of the administration/faculty members / non-teaching staff, who display an apathetic or insensitive attitude towards complaints of ragging.

8.3 At the MCI level

8.3.1 Impose an exemplary fine of Rs. 1 lakh for each incident of ragging payable by erring medical college/institution to such authority as may be designated by the appropriate Govt., as the case may be.

8.3.2 Declare the erring Medical College /Institution/ University as not having the minimum academic standards and warning the potential candidates for admission at such institution through public notice and posing on the MCI website.

8.3.3 Declare the erring Medical College /Institution/ University to be ineligible for preferring any application u/s 10A of the Indian Medical Council Act, 1956 for a minimum period of one year, extendable by such quantum by the Council as would be commensurate with the wrong.
